

## Journal Information

|               |                                  |
|---------------|----------------------------------|
| Journal Title | Journal of Plankton Research     |
| Publisher     | Oxford University Press          |
| ISSN          | 0142-7873                        |
| E-ISSN        | 1464-3774                        |
| Database      | SCOPUS                           |
| Domain        | Life Sciences, Physical Sciences |

## Classification History

| Year      | A+ | A | B | C |
|-----------|----|---|---|---|
| 2026      |    | ✓ | ✓ |   |
| 2025      |    | ✓ | ✓ |   |
| 2024      |    | ✓ | ✓ |   |
| 2023      |    | ✓ | ✓ |   |
| 2021/2022 |    | ✓ | ✓ |   |
| 2020      |    | ✓ | ✓ |   |
| 2019      |    | ✓ | ✓ |   |
| 2018      |    | ✓ |   |   |

**Classification:** The table above shows all journal classifications recorded for each classification year in the Green Journals database. A journal may have more than one classification in the same year.

## Recent Articles

|                                                                                                                                                                                                                                                                                                                                        |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Environmental filtering structures phytoplankton communities in a tropical river-estuarine transition: evidence consistent with species sorting</b><br>2026-10-22 Vol. 48 Issue 6<br>Authors: Rayanne dos Santos Castro, Lisana Furtado Cavalcanti-Lima, Andrea Christina G de Azevedo-Cutrim et al.<br>DOI: 10.1093/plankt/fbag079 |
| <b>A multivariate analysis framework for interpreting long-term zooplankton community dynamics</b><br>2026-10-22 Vol. 48 Issue 6<br>Authors: Heather L Wander, Mary E Lofton, Jonathan P Doubek et al.<br>DOI: 10.1093/plankt/fbag082                                                                                                  |
| <b>Integrated taxonomic identification of ichthyoplankton samples by DNA metabarcoding in the Menorca Channel (Western Mediterranean Sea)</b><br>2026-10-22 Vol. 48 Issue 6<br>Authors: Francesc Maynou, Vanesa Raya, Andrea Cabrito et al.<br>DOI: 10.1093/plankt/fbag083                                                             |
| <b>Harold G. Marshall, Phycologist and poet (1929-2026)</b><br>2026-10-22 Vol. 48 Issue 6<br>Authors: Jennifer L Wolny, Todd A Egerton, Traycie L West<br>DOI: 10.1093/plankt/fbag077                                                                                                                                                  |

**Possible influence of the anticyclonic Ulleung Warm Eddy on copepod community production, fecal pellet production, and suspended fecal pellets in the Ulleung Basin (East Sea/Sea of Japan)**

2026-8-8 Vol. 48 Issue 5

Authors: Hyung-Ku Kang, Chang-Rae Lee, Chang-Woong Shin et al.

DOI: 10.1093/plankt/fbag062

**Beyond the bottle: exposing the identity-rate gap in microzooplankton ecology**

2026-8-8 Vol. 48 Issue 5

Authors: Albert Calbet

DOI: 10.1093/plankt/fbag070

**Seeing the unseen: an introduction to underwater plankton imaging systems**

2026-8-8 Vol. 48 Issue 5

Authors: Hongsheng Bi, David G Kimmel, Junbai Yue et al.

DOI: 10.1093/plankt/fbag069

**Seven years in formalin: the burden of metabarcoding mesozooplankton preserved in buffered formalin from the northern Adriatic Sea**

2026-8-8 Vol. 48 Issue 5

Authors: Elettra Chiarabelli, Alessandra de Olazabal, Alenka Goruppi et al.

DOI: 10.1093/plankt/fbag066

**Extensive culturing experiment on *Turborotalita quinqueloba* (spinose planktonic foraminifera)**

2026-8-8 Vol. 48 Issue 5

Authors: Alessio Fabbrini, Julie Meilland, Adele Westgård et al.

DOI: 10.1093/plankt/fbag064

**Bloom dynamics of *Tripes muelleri* in the Gulf of Maine during summer 2023 revealed through integrated biological and environmental observations**

2026-8-8 Vol. 48 Issue 5

Authors: Madison R Hurley, Shawn Shellito, Robert T Letscher et al.

DOI: 10.1093/plankt/fbag076
