

## Journal Information

|               |                                    |
|---------------|------------------------------------|
| Journal Title | Journal of Information Technology  |
| Publisher     |                                    |
| ISSN          | 0268-3962                          |
| E-ISSN        |                                    |
| Database      | AERES                              |
| Domain        | Physical Sciences, Social Sciences |

## Classification History

| Year      | A+ | A | B | C |
|-----------|----|---|---|---|
| 2026      |    | ✓ | ✓ |   |
| 2025      |    | ✓ | ✓ |   |
| 2024      |    | ✓ | ✓ |   |
| 2023      |    | ✓ | ✓ |   |
| 2021/2022 |    | ✓ | ✓ |   |
| 2020      |    | ✓ | ✓ |   |
| 2019      |    | ✓ | ✓ |   |
| 2018      |    | ✓ |   |   |

**Classification:** The table above shows all journal classifications recorded for each classification year in the Green Journals database. A journal may have more than one classification in the same year.

## Recent Articles

|                                                                                                                                                                                                                                                            |

**The future of information systems in the enterprise**

2026-9 Vol. 41 Issue 3 Pages 184-193

Authors: Robert Winter, Leona Chandra Kruse, Rajiv Sabherwal et al.

DOI: 10.1177/02683962261488060

**Digital strategy: Moving beyond the IT-business alignment paradigm**

2026-8-9

Authors: Varun Grover, Kalle Lyytinen, Gabriele Piccoli

DOI: 10.1177/02683962261474008

**Logic hybridization in enterprise platforms: Reconfiguring architecture and governance for generative AI**

2026-7-24 Vol. 41 Issue 3 Pages 274-304

Authors: Dorsa Safaei, Andreas Hein, Kazem Haki

DOI: 10.1177/02683962261467413

**A mechanism-based theory of legacy enterprise information system reconfiguration in incumbent firms**

2026-6-30 Vol. 41 Issue 3 Pages 221-249

Authors: Daniel Heinz, Christoph F. Breidbach

DOI: 10.1177/02683962261461296

**Lost in decentralization? Governing emerging technologies within enterprise architecture**

2026-6-28 Vol. 41 Issue 3 Pages 250-273

Authors: Edona Elshan, Bart van den Hooff

DOI: 10.1177/02683962261465434
