2021/2022		✓	✓	
2020		✓	✓	
2019		✓	✓	
2018		✓		

Classification: The table above shows all journal classifications recorded for each classification year in the Green Journals database. A journal may have more than one classification in the same year.

Recent Articles

Always together but still lonely: the relationship between environment at school and adolescents' loneliness
2026-10-27
Authors: Viktoriia Hrytsenko, Sabina Hulbert, Tamsyn Eida et al.
DOI: 10.1111/camh.70138

Mental health experiences and barriers: Black adolescents presenting for suicide risk and their caregivers
2026-10-20
Authors: Rhonda C. Boyd, Makiya Lloyd, Danielle Mowery et al.
DOI: 10.1111/camh.70137

Longitudinal associations between dietary intake and common mental disorders among adolescents in Australia
2026-10-18
Authors: Lily Davidson, Deborah N. Ashtree, Bridie Osman et al.
DOI: 10.1111/camh.70129

Issue Information
2026-10-14 Vol. 31 Issue 4
DOI: 10.1111/camh.70069

Exploring the acceptability and feasibility of a blended imagery-based digital intervention for self-harm in young people (Imaginator 2.0): a co-produced qualitative study
2026-9-30
Authors: Lindsay H. Dewa, Athina Servi, Emily Gardner-Bougaard et al.
DOI: 10.1111/camh.70135

Debate: Is <scp>ACE</scp> screening doing more harm than good? A consideration of screening versus child health surveillance
2026-9-28 Vol. 31 Issue 4 Pages 351-353
Authors: Helen Minnis
DOI: 10.1111/camh.70123

High- versus low-frequency exercise for depression in university students: a single-blind randomized controlled trial
2026-9-27
Authors: Fabien D. Legrand, Anna Duberg
DOI: 10.1111/camh.70134

Mental health hospitalisations of care-experienced and general-population children with chronic conditions: evidence from the Children's Health in Care in Scotland (<scp>CHiCS</scp>) study, a population-wide longitudinal study using administrative data
2026-9-22
Authors: Edit Gedeon, Alastair H. Leyland, Marion Henderson et al.
DOI: 10.1111/camh.70132

Technology Matters: Using digital mental health tools for children and young people – clinical implications of neurorights
2026-9-21
Authors: Rocío Paricio-del-Castillo, Inmaculada Palanca Maresca
DOI: 10.1111/camh.70133

Avoiding erroneous decisions: evidence, population impact and acceptability of universal mental health interventions in schools – a commentary on Andrews et al.
2026-9-20 Vol. 31 Issue 4 Pages 337-340
Authors: Chris Bonell, Kelly Rose-Clarke, Jess Deighton et al.
DOI: 10.1111/camh.70126
