Green Journals

International Approved Journals

Journal Information

Journal Title	Journal of Maternal-Fetal and Neonatal Medicine
Publisher	Taylor and Francis Ltd.
ISSN	1476-7058
E-ISSN	1476-4954
Database	SCOPUS
Domain	Health Sciences, Life Sciences

Classification History

Year	A+	A	B	C
2026		✓	✓	
2025		✓	✓	
2024		✓	✓	
2023		✓	✓	
2021/2022		✓	✓	
2020		✓	✓	
2019		✓	✓	
2018		✓		

Classification: The table above shows all journal classifications recorded for each classification year in the Green Journals database. A journal may have more than one classification in the same year.

Recent Articles

Perinatal multidisciplinary management for neonates with prenatally-diagnosed congenital complete heart block undergoing early epicardial pacemaker implantation: a retrospective single-center case series
2026-11-4 Vol. 39 Issue 1
Authors: Huiyan Cang, Guangzhi Jia, Di Zhang et al.
DOI: 10.1080/14767058.2026.2755709

Fertility rates and pro-natalist policies in high-income countries: the paradigm of extremes and mediocrity
2026-11-4 Vol. 39 Issue 1
Authors: Ariadne Malamitsi-Puchner, Despina D. Briana, Gian Carlo Di Renzo et al.
DOI: 10.1080/14767058.2026.2746271

Efficacy of hysteroscopic curettage and niche resection in type II and III cesarean scar pregnancies
2026-11-3 Vol. 39 Issue 1
Authors: Fangfang Zhang, Gan Xu, Yan Chen et al.
DOI: 10.1080/14767058.2026.2753981

Expression of Concern: Chlorhexidine–alcohol versus povidone–iodine for skin preparation before elective cesarean section: a prospective observational study
2026-11-3 Vol. 39 Issue 1
DOI: 10.1080/14767058.2026.2758418

Catastrophic fetal-neonatal thrombosis: a thromboinflammatory concept and the role of antiphospholipid antibodies
2026-11-3 Vol. 39 Issue 1
Authors: Alexander Makatsariya, Alexander Vorobev, Jamilya Khizroeva et al.
DOI: 10.1080/14767058.2026.2755712

The American College of Cardiology/American Heart Association classification of chronic hypertension in pregnancy has better clinical applicability and risk assessment than the traditional severe and mild hypertension approach – lessons from a population-based study
2026-11-3 Vol. 39 Issue 1
Authors: Alex Rabinovich, Sujood Dar Diab, Adi Shiloh et al.
DOI: 10.1080/14767058.2026.2710939

Expression of concern: Is there a difference in the maternal and neonatal outcomes between patients discharged after 24 h versus 72 h following cesarean section? A prospective randomized observational study on 2998 patients
2026-10-29 Vol. 39 Issue 1
DOI: 10.1080/14767058.2026.2752624

Pregnancy and iron deficiency anemia are associated with COVID-19 severity: a retrospective cohort study from Gaza
2026-10-29 Vol. 39 Issue 1
Authors: Hala Zreid, Larissa E. Vlaming-van Eijk, Hal Drakesmith et al.
DOI: 10.1080/14767058.2026.2746898

Analysis of the distribution characteristics of serum phosphorus levels in neonates in the early neonatal period based on gestational age stratification and their association with perinatal factors
2026-10-29 Vol. 39 Issue 1
Authors: Feng Zhou, CunCun Shen, HuiFen Chen et al.
DOI: 10.1080/14767058.2026.2746880

Retraction statement: Significance of assay of nucleated RBCs in umbilical cord blood in neonates with meconium-stained amniotic fluid
2026-10-28 Vol. 39 Issue 1
DOI: 10.1080/14767058.2026.2752661
